Student Letter

Hi, my name is Hyun-Woo, and I live with my parents, two brothers, a sister and a dog together in a small town in Germany.

I'm an open person. You can talk with me about everything you want. I love it, to do something with friends, for example going to the cinema or going to sports events (basketball, soccer). My friends and I often meet e.g. to an Ice-cream, at our village. It is a small village with a population of 30.000 people. Generally, I like to meet new friends. I play piano, at school together with friends or the class, who are singing or play other instruments. At home, I help my mom by cooking. Usually, I help a lot in our household, for example by cleaning the rooms/bath or watch my siblings.

My parents came from Korea. But both already live over 30 years in Germany. My mother's sister, my aunt live in the USA with her husband and my cousin. I have three siblings. All younger than me. My first brother is in the same school, like me. My sister is the only girl. She's in the Elementary school with my second brother. He is the cutest in our Family. :) My grandparents are living in Korea. One of my Grandmothers owns the GreenCard and is regularly in the USA.

I like to meet with friends and I play Badminton in a club. With my little brother, I likely play soccer in our garden. I also play video games with friends, and my siblings, as well. I love to listen to the music, in my free time, or while learning. My political interests make me look to elections or watch political debates.

I have a lot of goals for my life. My first goal is to make the University degree. Thereafter to study politics and law at Harvard. I want to work as a lawyer or a politician. As well, I want to have a family with two children. But my current goals are: improving my English; make my year abroad and have a happy and funny time.

In the USA, I want to get to know the country, in its culture and people. I also want to improve my English language and I want to learn something new, something different as my everyday life and I want to be more self-confidence.

I hope I will have a lot of fun, have a lot of unique experiences, I will make new friends for life, as well and hopefully a very good time.

Thank you for reading my letter and I'm very excited to meet you soon!
