Host a student

ID: 191110

PAX ID: TLI01217

First Name: **Yubo**
Sex: **male**
Age upon arrival: **16**
Country of Residence/Nationality: **China / Chinese**
School Type/ GPA / School Grade While in U.S.: **Public School / A / 11**
Graduated: **no**
Program Year: **August 2017 - June 2018**
Allergies:
Native Language / Other Languages: **Mandarin / Mandarin, English**

English Study: **ELTIS: 224**
Requested Courses: **Biology, Calculus AB, Chemistry, Computer Science A, Physics B, Physics C, Psychology, Statistics**
Religion/ Practicing: **-- none -- / regularly**

Comments

Hobbies, Interests, and Activities

Badminton, Swimming, Basketball, Choir, School Clubs, Movies, Debate, Listen to pop music, Fishing

Family Background

Mother, 45, Education
Father, 44, Finance

Student Letter

Dear host family,

Hello, my name is Garen. I am an 16-year-old boy studying in high school. My father works in a bank and my mother is a school teacher. The relationship between us is very relaxing. We often talk about the skills of sports, the method of studying. We sometimes have discussions but we seldom quarrel. We discuss a lot of things and we have many different opinions, which gives me lots of useful ideas. I really enjoy discussing with my parents.

I have lots of interests. When I stay at home, I spend most of the time reading books. I like all kinds of books, but I especially enjoy history books and novels. Sometimes I would carve rubber stamps or listen to music. I love these activities, too. But I prefer to play outside. I like swimming or playing badminton with my friends. At school, I have joined three clubs: Badminton Club, Foreign Language Club (English) and the School Broadcasting Station. Broadcasting Station is an interesting club. As a member of it, you can play your favorite song and the whole school will listen. But there are lots of challenges too. You must read the articles or news that you have prepared for the students after playing the music. It takes a long time to get ready for it. I pretty enjoy this exciting work. As for Badminton Club, I take part in every club activities. I go to play badminton with my club members every weekends. With the help of me and my teammates, our class got the No.1 at the school sports competition. We all became heroes of the class! Another important hobby for me is listening to music. I not only like listening to music but also like to play it myself. I can play Erhu---a traditional musical instrument. It's kind of like violin and I used to practice playing it for a long time. But I haven't played it for one year. Besides, I like pets. I used to have many fishes and rabbits. I like playing with them because it is really relaxing. If you have any pets, I will be very glad.

My dream is becoming a physical scientist. I showed an interest in physics from a very early age. Since I began to learn physics, I have made hard efforts to it and I can always get good grades. In order to becoming a physical scientist, I must get a better education and put on more effort. That's why I choose America to finish my high school education. In the future, I hope to enter a good university in America. That's all about my future plan. I am hard-working, so I believe I can make it. I will try to do my best.

Best,

Garen
